Ms. Pony, where's Terry?
Where's Terrence G. Grandchestor?
Oh. That gentleman left about thirty minutes ago. He said he would...
walk to Pony's hill that Candy loves before he goes home.
Aah! Candy!
Pony's hill!
I might still make it!
Terry!
Candy wait!!! He went by horse-carriage!
Candy!

When I

Terry

He dropped by so casually, that we were very surprised.
All he said was that he was a very close friend of Candy's in London.
He said he just wanted to see Pony's hill and home. Candy always spoke of...
That gentleman... he said that Candy was doing well in London.
That's right! What in the world happened? Candy, you're always surprising us.
Sorry, sister.
He's Have some hot cocoa
I will warm you body
Candy. Why did you run out of such a prestigeous school
We'll discuss that tomorrow. Candy, you look tired. Go to bed early.
Yes
Ms. Pony. You're too soft on Candy.
Ms. Pony. Sr. Lane haven't changed a bit.
Well, well. Let's discuss that tomorrow.
Tomorrow, we will discuss this matter in depth. Is that understood, Candy?
Yes
Candy
when I lower my head... tear just pours out.

Goodnight...
It's been a long time since Candy heard you voice your concerns
That day we saw Candy off, it was a snowy day, just like this
Could that be so?
Yes... He was standing in front of Pony's home looking at it as if he had fond memories
He stared at the lawn and the surrounding trees...
I wonder what he was thinking
She returned without changing a bit.
I thought she would become a little more ladylike
She did change. Our baby is no longer a child anymore.
Ms. Pony...
Pardon me for stopping by all of a sudden.
Which way is Pony's Hill?

It was just when the snow started to fall. He left the horse-carriage at the bottom of the hill and walked s owly

Terry
What did Terry think, standing on Pony's hill where I grew up? What did he gaze at?
Terry...
where in the world are you living now?
If I only knew, I could come and visit you.
This place is called Pretend Pony's Hill and it's my territory!

Yes, Ma'am.
Mr. McGregor was a hopeless case from the start.
He was happy... So peacefully, he took his last breath...
I know it's more painful since he was your first case.
But you got to overcome it in this field of work.
Accept life and death as they are.
You'll strive to help people all the more because so many die.
There are other patients who need your care. You can not afford to grieve over one patient's death.
Is that clear, Miss Carelessness?
Go back to Pony's Home.
Ma...Madam Principal!
If you don't, Ms. Pony will think I work you so hard.
Vacation is for one day.
Yes, Ma'am.
Madam Principal...
If you heard what I said, get moving right away. There're a lot of things to do, Miss Careless!
Y...yes, thank you, Ma'am!
Anyway, Principal's yelling at Candy is something you'll miss about this hospital.
But Candy has become a pretty good nurse.
Candy makes me feel like getting better again.
Oh, you too.
This is what being a nurse is about. Somewhere there is someone who needs me.

Hello Candy
Tomokiko Saitoshi
Stear!

Are you OK, Stear?

Tomokiyo Sa oshi

So you all came back. Is anything wrong...?
I didn't say this to Annie or Patty, because they might get scared...
There's a dangerous situation in the Continent. Should there be an outbreak, England may be involved.
That's why Aunt Elroy told them to come back.
I hope nothing bad will happen.
There's only bad news from London.
Whole town is nervous.
Now we are together, let's talk about something different.
Er, Flighty. How's Patty?
That's a GOOD question. When it comes to Patty, Sea ris fa be e nfo med hani
Stop teasing, Archie.
Patty stays in England for now. But she might come to America.
She missed you, Candy.
Oh, I was about to forget! I've got something from George.
Shear... he's blus- hing...
Here it is...
Uncle William has been anxious about you, I hear.
Uncle William...so he pa doned me... And even ant ous abou me
Thank you very much, Uncle ... Wi am
Miss Candice, luncheime's been over for long

You'd better attend as many parties as possible instead of chattering like that!
Yes, I'll be there!
What a virago...
Thank you. When could I get a leave to see you at Lake Wood...
Actually, we are going back to the Chicago residence where Aunt Eloise...
Welcome again, Candy.
Our parents are back from now...
They are not coming back to Lake Wood...
Sea and Wave, Gate, Arches, Stone, Gate, like has, are more than anywhere
Anthony's Rose Gate. It would be in full bloom soon...
I cannot go back to those days in Lake Wood...
All those dear memories and sad...
Bye for now, Candy.
Next time, I'll come on an airplane.
See you later.
Bye.
Arch, Sea, and
when we have grown up, I wonder if we can visit Lake Wood again.

Tomokyo Sa osh

Wow!
To be frank...I hate people like you!
...
Won't you join me, Frannie?
I've got these from my dear friends.

Help yourself! Aren't they nice?

I don't see what irritates her. I guess I'd better keep quiet...

Tomokyo Sa osh

Tomokijo Sa oshi

Miss Careless.. You got some letters
really ?
You often get letters lately.
Yes.
Have you heard? Austrian prince was assassinated
Yeah, by Serbian assassin
Stear and Archie... they are diligent writers. And Annie, too.
They make me forget the awkward situation with Franmie
It will surely lead to some trouble
There're still these alarming rumors...
as if dark clouds were hanging over..
The green is becoming richer day by day
And the sun is high
Now we are in summer uniform.
When it gets hotter, I wish to go swimming in the lake...

With Annie, Archie, and Stear... I wish Patty would come from England soon.
Miss Candy, you've got a dignity of a veteran. You stretch yourself in a ward and idle by the window....
It's rather lazily than dignity.
Bring me some picture books instead. I'm bored.
OK. Be good girls.
Me, too.
Don't tell Madam Principal.
OK.
Good day, one icecream, please.
Right.
Do you have picture books?
I guess we have some over there.
About here...?

It might affect the box office.
After all, it's another country's business.

You got such a praise with a large photo.

We've all expecting something from you.

His act of this bit part shows something of a genius.

Let me have a look.

Mr. Daniell, What're you doing here!
He'll have to have a leg amputated.

Frannie is a very popular among people. But you'd better do your duty first.
You are wanted at the Principal's office
Frannie
You are too ambitious.
Parents may get worse from one life to another.

Tomokyo Sa osh

I hope you will learn about surgery...
which will be useful in the future
It's for the war.
Are they gonna be military nurses?
You learned that a nurse should never discriminate a patient. Nationality, race... these are no concern to the nurses.
Human race is one!
Military nurse...
As you guessed, we might be sent to the front anytime.
But America is not in this war.
Silence!
There's no border for the sick and wounded!
Human race is one...
That's true. I'll learn about surgery to help everyone.

I'll be a very good nurse on surgery.

Oh my...
Is anything the matter?
Sea doubt. It was a good deal to ask of her to go to Aunt Emily.
But now she's here we can ignore Aunt.
Leander is forgiven her past offenses. I am to accept such a disgraceful person into the family!
None of your business. You are a headache.
Get out of my sight.
Yes, good day.
She hasn't changed.
Ehem, where is Uncle William now?
I'm sorry about Aunt Elroy.
Why can't she show a little kindness?
For a change, let's take you to some place.
Where is that?
I thought we'd go altogether when Patty comes. But I wanna show you now.
Patty's coming.
When?
Now Britain's now a Though there's on since France and London's since safe.
She'll be here shortly. She'll be coming over with Simon.

Nothing has changed. I wish to go to Pony's Hill with you.
They'd be amazed at how beautiful you are, Annie.
Last few months, Annie has become so beautiful...
Even Eliza became more dazzling, I suppose
Do all girls turn beautiful as they grow up...?
